EXPERIENCE

Angular Developer

GENEX TECHNOLOGIES PVT LTD - HYDERABAD
2022 To Till Now
C R M - HOTEL MANAGEMENT PROJECT

- Collaborated with designers and backend developers to transform wireframes and mockups into interactive and responsive web pages.

- Developed user interfaces using HTML5, CSS3, and JavaScript, ensuring cross-browser compatibility and optimal performance.

- Implemented RESTful APIs and integrated data from backend services to create dynamic content for web applications.

- Utilized the Angular framework to build modular and maintainable front-end components, enhancing code reusability and scalability.

- Leveraged TypeScript to enhance code quality by adding static typing and object-oriented programming principles to projects.

- Designed and implemented user authentication and authorization features, enhancing the security of web applications.

- Implemented responsive design principles using Bootstrap to ensure optimal user experience across various devices.

- Managed version control and code collaboration using Git and GitHub, ensuring efficient teamwork and version tracking.
